

# X-SEAM SEAMLESS ALUMINUM MINE PIPE

- Utilizes a unique, proprietary alloy that allows a consistent, quality groove resulting in a stronger, more durable pipe that exceeds industry standards
- The seamless piping and coupling system alleviate the worry associated with weak seams and inferior endurance
- The structural integrity of the seamless technology is matched by no other high pressure mine service pipe
- The weight of the pipe allows for safe handling and installation
- The pipe is corrosion and UV resistant
- Exclusively distributed by Lee Supply

*Lee Supply has been your Stocking Distributor of Engineered Products  
Serving the Mining Industry Since 1954*
